Getting Started

This section explains key terms:
Providers are doctors, nurses, pharmacists, therapists, and other people who provide care and services. Hospitals, clinics, and other places that provide medical care, behavioral health care, equipment and long-term services and support are also providers.

Services include medical care, behavioral health care, long-term services and supports, supplies, prescription drugs, equipment.

Network providers serve members in our Plan. When you see a network provider, you usually pay nothing for covered services.

A Primary Care Provider (PCP)/Women's Health Care Provider (WHCP) can be your primary health care provider. He or she will also arrange your care with other doctors and hospitals. You can see a Blue Cross and Blue Shield of Illinois (BCBSIL) specialist without a referral from your PCP, but it is important that your PCP knows which doctors you see. A PCP/WHCP can be a:

- Family or general practitioner;
- Internist;
- Pediatrician;
- Obstetrician/gynecologist (OB/GYN);
- Nurse Practitioner (NP);
- Physician Assistant (PA).

Your PCP will keep your medical records and get to know your health care needs over time.

Specialists are doctors who provide care for a certain disease or part of the body. There are many kinds of specialists. Here are a few:

- Obstetricians/Gynecologists treat reproductive organ health issues and manage pregnancy;
- Orthopedists care for patients with certain bone, joint, or muscle conditions;
- Oncologists care for patients with cancer.

Choosing a Primary Care Provider (PCP)

1. Choose a Primary Care Provider (PCP) who is in our network and accepting new patients.
   You can go to the list of doctors on page 1 and choose a doctor:
   - That you use now, or
   - Who has been suggested by someone you trust, or
   - Whose offices are close to you.

2. Schedule an appointment by calling the doctor or the medical group at the phone number listed.

The provider will request your insurance information, so have your Member ID Card ready.

If you want help in choosing a doctor, please call Member Services at **1-877-860-2837**, TTY/TDD **711**.

If you are an American Indian member, you have the right to receive services from an Indian Health Care Provider, whether the provider is in or out of network.

If you have questions about whether we will pay for any services or care that you want or need, call us to ask before you get the service or care.

Care Team

You may also have access to a Care Team and a Care Coordinator that you help choose.

A Care Coordinator will work with you and others involved in your care, like your PCP, to help manage your:

- Medical care;
- Behavioral health;
- Social and functional needs;
- Long Term Supports and Services.

Care Coordinators also do these things:

- Plan in-person visits or phone calls with you;
- Listen to your concerns;
- Help get you or your family the services you need, like transportation;
- Help set up care with doctors and other health care team members, and;
- Help you, your family and your caregiver better understand your health condition(s), medications, and treatments.

Care Team members are there to help you get the services you need. They will help you make decisions about your care and work with you to reach your health care goals. Your Care Coordinator will help lead the team to make sure all your needs are met. The team will also help you make changes to your plan.

You can contact your Care Coordinator by calling Member Services. It is important that you keep in touch with your Care Coordinator for help with services. Be sure to write down the name and phone number of your Care Coordinator.

Getting Long-Term Supports and Services

You may be able to get Long-Term Service and Supports (LTSS) or Home and Community Based Services (HCBS).

This care is for people who need help to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are given in your home, but they could be given in a nursing home or hospital.

Your care team will find out what services are available. See your Member Handbook for details.

Finding Providers in Our Network

You must get most of your covered services from providers in our network. If you go to providers who are not in the network without first getting our OK, you may have to pay the bill.

When you need urgent or emergency care and cannot get to a provider in the plan, like when you are away from home, you can go outside the plan and do not need a referral.

You may change providers within the network at any time. To change your PCP call Member Services at **1-877-860-2837** (TTY/TDD **711**). The change will be made within 30 days.

We work with all the providers in our network to meet the needs of people with disabilities. The list of providers below shows the services they provide. If you are not sure a provider offers the services you need, talk to Member Services or your Care Coordinator.

Finding Network Providers in your area

The directory lists hospitals, doctors, and other providers in the network. Please see the Table of Contents for each area. Each area is listed by county.

Within each county, physicians are listed by city in alphabetical order with the address and phone number. For the latest information, please visit our Provider Finder® at **www.bcchpil.com**

Not every provider listed will be taking new patients. To find out, please contact the doctor or the medical group at the phone number listed.
